

REMARKS

Entry of the foregoing Amendment Under 37 CFR § 1.312 in advance of the issuance of the present application as a patent is respectfully requested.

By the present amendment, claims 4 and 5 have been amended in further response to the Examiner's Amendment issued May 3, 2005, and response to Rule 312 Communication issued September 27, 2005.

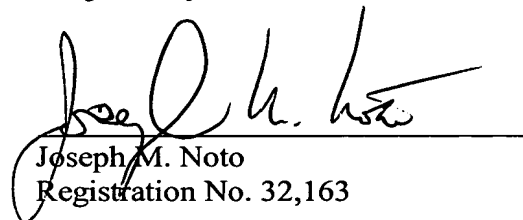

Claims 4 and 5 have been amended to reinsert language that was removed by the Examiner's Amendment as these changes are unacceptable to applicants. Accordingly, no new matter has been presented by the instant amendment.

The phrase "independently of one another in the following amounts" means that only at least one of the recited quantity ranges can be selected, as set forth at page 6, lines 11-12 of the present specification. Examination of claims 4 and 5 as presently amended is respectfully requested.

Early issuance of the pending application as a patent is hereby earnestly solicited.

Respectfully submitted,

Date: 10-4-05
